

Cambium Networks Announces Preliminary Second Quarter 2020 Revenues and Reporting Date

July 8, 2020

Revenues and Net Income Above High-end of Previous Outlook

ROLLING MEADOWS, Ill., July 08, 2020 (GLOBE NEWSWIRE) -- [Cambium Networks Corporation](#) ("Cambium Networks") (NASDAQ: CMBM), a leading provider of wireless networking infrastructure solutions, today announced preliminary unaudited revenues for the second quarter 2020 ended June 30, 2020 and plans to report financial results on Tuesday, August 11, 2020.

Cambium Networks now expects GAAP revenues of approximately \$61 million, above the high-end of the previous outlook of \$51-\$56 million provided on May 12, 2020. The increased outlook reflects better than anticipated demand for both fixed wireless broadband products and cloud powered enterprise Wi-Fi solutions. The higher demand is primarily due to service providers scaling networks due to requests for increased capacity and better than anticipated field deployments. Cash is expected to be approximately \$37 million which includes a paydown of \$10.0 million on the revolving credit facility. Net income is expected to be above the high-end of the previous GAAP and non-GAAP ranges.
