

## Cambium Networks Delivers Secure Fixed Wireless Broadband Solutions for Defense and Public Safety Applications

August 15, 2023 at 7:30 AM EDT

*Global Defense & Security (GDS) practice and its partners deliver mission critical connectivity solutions that perform in demanding environments*

ROLLING MEADOWS, Ill., Aug. 15, 2023 /PRNewswire/ -- [Cambium Networks](#) (NASDAQ: CMBM), a leading global provider of networking solutions, today announced strong results from its GDS practice and that its fixed wireless infrastructure solutions continue to evolve and support broadband applications for [national defense](#), [federal and civilian agencies](#), [public safety](#), and [national law enforcement](#). Cambium Networks delivers field-proven wireless connectivity for military battlefield, border, garrison, and infrastructure deployments.

"There are no second chances when it comes to mission critical defense communications," said Morgan Kurk, president and CEO of Cambium Networks. "Whether it's during conflict or providing support at ports and bases, the military needs dependable communications that just work—the first time and every time."

In the first half of 2023, Cambium Networks has been awarded multiple contracts in government, defense, and security, including:

### Global Defense:

- U.S. Air Force - delivered hundreds of deployable Connectivity Kits as a part of the Theater Deployable Communications RFK2 project (with partner [Fairwinds Technologies](#))
- U.S. Army 5G Backhaul Program (with partner [Future Technologies Venture](#))
- U.S. Army National Training Center: Cambium Networks Backhaul
- U.S. Army Tactical Force Protection Program: Achieved Milestone B Approval; Beginning Full Rate Production
- U.S. Army Missile Defense program: Second Iteration and Product Delivery
- U.S. Special Operations Forces: Cambium Networks Connectivity Kit

### Federal and Civilian Agencies

- White House Communications Agency: [Cambium Networks Connectivity Kits](#)
- FBI National Security Program: [Cambium Networks Microwave Backhaul](#)

### Public Safety:

- Milwaukee County: Microwave Upgrade, Hardware, and Professional Services
- Clifton, New Jersey: Public Safety Network Expansion, Hardware, Installation, and Professional Services
- Lenoir County: Public Safety Network Expansion, Hardware, Installation, and Professional Services
- Howell, New Jersey: Public Safety Network Expansion, Hardware, Installation, and Professional Services
- Midland, Texas - Public Safety Network Expansion, Hardware, Installation, and Professional Services

### Product Development:

In the first half of 2023, Cambium Networks also launched a series of new products and updates targeted for the GDS market, including:

- The XE3-4TN [high-performance Wi-Fi 6/6E outdoor access point](#)
- LINKPlanner V6.1.1: Updated Release Includes the Introduction of mmWave support
- [PTP 700](#) Software Release 700-03-56: [Received FIPS 140-2](#) certification

### About Cambium Networks

[Cambium Networks](#) enables service providers, enterprises, industrial organizations, and governments to deliver exceptional digital experiences and

device connectivity with compelling economics. Our ONE Network platform simplifies management of Cambium Networks' wired and wireless broadband and network edge technologies. Our customers can focus more resources on managing their business rather than the network. We deliver connectivity that just works.
