**Event Details**

We will be hosting Atul Bhatnagar, President & CEO of Cambium Networks in our Water Tower Research Fireside Chat Series on Thursday, February 25<sup>th</sup> at 11:30 am EST (8:30am PST). The event is open to all investors.

Cambium Networks provides wireless broadband networking infrastructure solutions for network operators, including medium-sized wireless Internet service providers, enterprises, and government agencies. The company's scalable, reliable, and high-performance solutions create a purpose-built wireless fabric that connects people, places, and things across distances ranging from two meters to more than 100 kilometers, indoors and outdoors, using licensed and unlicensed spectrum. Headquartered outside Chicago, and with R&D centers in the US, UK, and India, the company sells through a range of distributors overseas.

You can access our [Cambium Networks initiation report](#) and our [60 GHz industry report](#) on our website.

**Company Overview**

**ABOUT THE CEO****Atul Bhatnagar – President & CEO  
Cambium Networks**

Atul Bhatnagar has served as President and Chief Executive Officer of Cambium Networks since February 2013 and has been on the Board of Directors of Cambium Networks, Ltd., the company through which it conducts business, since September 2014. In connection with the company's IPO, Mr. Bhatnagar was appointed as a member of the Board of Directors in April 2018. Prior to joining Cambium, Mr. Bhatnagar served as the President and Chief Executive Officer of Ixia, a company that provided test and measurement equipment and applications to maintain wireless and wireline computer networks, from March 2008 until May 2012. Mr. Bhatnagar holds a B.S. degree in Electrical Engineering from the Birla Institute of Technology and Sciences and a M.S. in Electrical Engineering from the University of New Mexico, Albuquerque.

**ABOUT THE ANALYST****John Roy, Ph.D. – Managing Director  
IT Hardware & Communications Equipment Research**

In his role at Water Tower Research, Dr. Roy provides cutting-edge equity research coverage of IT hardware companies supplying hardware to both commercial and individual users, and communications equipment companies which power the connected world.

Prior to Water Tower Research, Dr. Roy worked as lead analyst at UBS covering IT Hardware, Communications Equipment, and IT Services. During his 20 years covering technology stocks on the sell-side, Dr. Roy was also a lead analyst covering Alternative Energy, Advanced Materials, and Nanotechnology at Merrill Lynch, W.R. Hambrecht, and Janney Montgomery Scott.

Before his sell-side equity research career, Dr. Roy was a lead software architect at J.P. Morgan, an AI sales engineer at Neuron Data, and a systems engineer and AI researcher at Hughes Aircraft. Dr. Roy holds a Ph.D. degree in Computer Science from the University of California, Irvine, a MSEE degree from the University of Southern California, and a BSEE degree from the University of California, San Diego where he was a Regents Scholar.

## DISCLOSURES

Water Tower Research ("WTR") is a publisher of professional investment research reports on public companies and, to a lesser extent, private firms ("the Companies"). WTR provides investor-focused content and digital distribution strategies designed to help companies communicate with investors.

WTR is not a registered investment adviser or a broker/dealer nor does WTR provides investment banking services. WTR operates as an exempt investment adviser under the so called "publisher's exemption." WTR does not provide investment ratings / recommendations, price targets or earnings estimates on the companies it reports on. Readers are advised that the research reports are published and provided solely for informational purposes and should not be construed as an offer to sell or the solicitation of an offer to buy securities or the rendering of investment advice. All users and readers of WTR's reports are cautioned to consult their own independent financial, tax and legal advisors prior to purchasing or selling securities.

John Roy, who is the writer of this report, covers four different companies for us in the Communications Equipment industry. Dr. Roy and his family have no relationships with the covered company.

Unless otherwise indicated, WTR intends to provide continuing coverage of the covered companies. WTR will notify its readers through website postings or other appropriate means if WTR determines to terminate coverage of any of the companies covered.

In certain instances, including this report, WTR will write research covering non-clients. Readers should assume that WTR will seek to turn these non-paying companies into paying clients. Likewise, WTR will seek to transform these non-clients into paying clients of its affiliate, Water Tower Strategies, LLC, which provides ancillary services such as presenting at sponsored investor conferences, distributing press releases, advising on investor relations and broader communication strategies as well as performing certain other ancillary services. The companies that WTR covers in our research are not required to purchase or use non research products or services our affiliate provides to clients.

The manner of WTR's research compensation and affiliate services to covered companies raise actual and perceived conflicts of interest. WTR is committed to manage those conflicts to protect its reputation and the independence of employees/analysts by adhering to strictly written compliance guidelines.

The views and analyses included in our research reports are based on sources believed to be reliable, but no representation or warranty, expressed or implied, is made as to their accuracy, completeness, timeliness, or correctness. Neither we nor our analysts, directors, officers, employees, representatives, independent contractors or agents shall be liable for any omissions, errors or inaccuracies, regardless of cause, foreseeability or the lack of timeliness of, or any delay or interruptions in the transmission of our reports to content users. This lack of liability extends to direct, indirect, incidental, exemplary, compensatory, punitive, special or consequential damages, costs, expenses, legal fees, losses, lost income, lost profit or opportunity costs.

All investment information contained herein should be independently verified by the reader or user of this report.

All readers of this report are encouraged to review Water Tower Research's Research Principles which may be found on WTR's website [www.watertowerresearch.com](http://www.watertowerresearch.com).
